14 mm

FAST CUT AND BEVELING  
IN JUST ONE PROCESS!

CUTTING DEPTH ADJUSTMENT

Exact PipeCut+Bevel 360 Pro Series is a groundbreaking new product for cutting and beveling water & sewer pipelines in one process. With the renewed cutting depth adjustment and the best diamond disc on the market, this machine cuts and bevels pipes in one process. You can easily choose the bevel length and depth with the machine's adjustments. You can even adjust the bevel depth during the cutting process. The machine is extremely easy and safe to use, the patented gripping unit ensures firm attachment to the pipe and makes the use of machine convenient. The machine is portable and can be used with a special blade guard (separately orderable product) featured with a vacuum port (when cutting cast iron with concrete layer and plastics) to easily vacuum all the small dust/chips and take the user-friendliness to the next level.
